# 12.000 sqm x 4 lines

Our plant (in Lessona, in the province of Biella) covers approximately 12,000 square meters and houses, in addition to four production lines, a loading and unloading warehouse, and management and administrative offices.

Here, we work every day to ensure the highest possible quality of raw materials and offer our customers the **flexibility** they need to address their challenges while minimizing disruption.

N.1 glass/can line  
18.000 pcs/h

N.2 glass/can line
